

Webinar: Swagelok Tubing & Fittings

The Art and Science of Pressure Sealing

Harry Kimball, March 16th 11:00 AM PST

Please join us for an information-packed webinar by Harry Kimball, a Sr. Account Manager and Trainer with 39 years' experience servicing many markets as an associate of Swagelok Southern California. This Tech Talk will focus on "The Tube Fitting Advantage" and its 4 key supported areas:

- 1. Better by Design**
- 2. The Material Difference**
- 3. Low Cost of Ownership**
- 4. Services Tailored to you**

Swagelok[®]

Swagelok Southern California

These support areas will benefit the many markets we service including Biotechnology, Semiconductor, Oil and Gas, Alternative Fuels and Power and more.

We are confident that this webinar and discussion will provide you with the tools you can utilize either immediately or sometime in the future. Questions are welcome and encouraged. Please enter them into the comments section of the webinar. Harry will answer them immediately following his presentation. Subsequent questions at any time may be directed to:
